Ground Water Classifications and Designated Uses Stakeholder Workgroup Meeting

May 11, 2017

10:00 AM – noon

6th Floor Large Conference Room (6E002)

401 East State Street

Trenton, NJ 08625

Work Group Objectives: This work group will re-evaluate the current ground water classification system and designated uses based on current water quality needs and goals, including protection of surface and ground water resources; current science; and implementation through regulatory programs and will recommend amendments as needed.

Agenda

I. Welcome and Introductions

Sandra Cohen, Rule Manager

Bureau of Environmental Analysis, Restoration and Standards (BEARS)

Division of Water Monitoring and Standards (DWMS)

II. Review and Discussion of Key Issues

Deborah Kratzer, BEARS/DWMS

- Ground water classifications and designated uses
- Narrative descriptions of site-specific confirmation of ground water classification and applicable criteria
- Updating ground water classification system mapping
 - Status of digitized mapping tools
- Other changes or concerns

III. Wrap up and Next Steps
